

NON ART MAJOR OVERRIDE FORM

Important Details

Return this form to the Office of School of Art & Art History by the 2nd Friday of the semester. Priority enrollment is given to students seeking degrees through the School of Art & Art History.

If adding this class will make your total registered hours exceed 18 credit hours, you will need to obtain special permission from your college.

You will receive notification if you are granted the override through e-mail. Once the override is granted, you have 48 hours to register for the course via Web for Students. After 48 hours, the override will be removed and it will be given to another student.

If you are not granted an override, you will not receive any e-mail notifications.

Submission and completion of this form does not guarantee that a student will be able to register for a course. Any hold on your account may prevent registration and an override form will not impact a hold. Time conflicts will not be overridden with this form.

Art & Art History students have priority over students from all other colleges. Other students will be granted an override only after all Art & Art History students are added.

Students should check the prerequisites to ensure that they have the proper qualifications to take the class.

Please note: If this form is not completely filled out, including UIN#, you will not be granted an override and you will not be notified.

Last Name	First Name	Middle Name
UIN#	Phone Number	E-mail
<input type="checkbox"/> Art Minor	<input type="checkbox"/> School of Theatre & Music	
<input type="checkbox"/> Art History	<input type="checkbox"/> School of Architecture
